- 1602763 6" x 7" x 27" High Impact Durable Glass False bottom bin
- 1602783 8" x 5" x 27" High Impact Durable Glass False bottom bin

Square Food Containers

Square containers take up 33% less space than round containers! They are clear so you can tell what's inside at a glance. And, they are made from Polycarbonate so they will actually bounce off a tile kitchen floor and not break! We print graduations on the outside so you know how much you have inside. Squares come in 2, 4, 6, 8, 12, 18 & 22 qt. sizes. Optional color coded snap-tight covers feature tabs so that they can be easily removed.

- | | | |
|---------------------------------------|--|---|
| 1600690 4 qt. square container | 1600815 12 qt. square container | 1601320 2 & 4 qt. square cover—green |
| 1600750 6 qt. square container | 1600825 18 qt. square container | 1601350 6 & 8 qt. square cover—orange |
| 1600810 8 qt. square container | 1600835 22 qt. square container | 1601360 12, 18, 22 qt. square cover—blue |

Round Food Containers

A traditional favorite in food storage, these round storage containers are so handy. You can store ingredients or transport ready-to-serve or partially prepared foods. There is no guessing what's inside, these are completely clear with red imprinted graduation marks. Because of their shape, the containers allow proper circulation of air which enables them to withstand temperatures from -40°F to 212°F, (a great way to cool off or freeze large quantities safely and quickly). Made of virtually unbreakable Polycarbonate, the container won't chip, crack or dent from everyday use. Food acids, oils and alcohol won't stain or harm them. Molded-in handles provide an easy grip for lifting containers which conveniently rest on top of each other. Covers are available for "spill-proof" transporting. Dishwasher safe.

| 1607272 6 qt. round container |
| 1601245 8 qt. round container |
| 1601290 2 & 4 qt. clear cover |
| 1601270 6 & 8 qt. clear cover |

Clear Storage Boxes

Food storage boxes' clear finish assure instant food identification and inventory-at-a-glance for premium organization and time savings. Tough Polycarbonate stands up to tough treatment withstanding temperature extremes from -40°F to +212°F. These boxes stack securely (loaded or unloaded), fit standard carts and racks and are dishwasher safe. Their smooth surfaces are easy to clean and their snap-tight lids are available hinged for easy access.
